

# Burn the Pages

Sia

You're dark grey like a storm cloud  
Swelling up with rain that is desperate to be let out  
And I know it's a heavy load carrying those tears around  
Carrying those fears around  
Worry makes the world go round  
You're twisted up like a slipknot  
Tied by a juice head, who just took his T-shirt  
And I know there's a hungry dog  
Tugging at your frayed ends  
But he's just playing with you, he just wants to be your friend  
So don't worry, don't worry  
I'm here by your side  
By your side, by your side  
We're letting go tonight  
Yesterday is gone and you will be ok  
Place your past into a book  
Burn the pages let them cook  
Yesterday is dead and gone and so today  
Place your past into a book  
Burn the pages let them cook  
Eyes stinging from the black smoke  
New hope, loose rope  
Risen from the undertow  
All is well we welcome the cry of the dark night sky  
Swallow me peacefully, follow my heart back inside  
So don't worry, don't worry  
I'm here by your side  
By your side, by your side  
We're letting go tonight  
Yesterday is gone and you will be ok  
Place your past into a book  
Burn the pages let them cook  
Yesterday is dead and gone and so today  
Place your past into a book  
Burn the pages let them cook  
Don't worry, don't worry  
I'm here by your side  
By your side, by your side  
We're letting go tonight  
Yesterday is gone and you will be ok  
Place your past into a book  
Burn the pages let them cook  
Yesterday is dead and gone and so today  
Place your past into a book  
Burn the pages let them cook
